# Chicago Gun Violence Statistics 2019

**Year to Date 5-05-2019**

**Shot & Killed: 138**

**Shot & Wounded: 567**

**Total Shot: 705**

**Total Homicides: 149**

# 2019 cost of gun violence in Chicago

\*Costs assume the following:

- \$55,000: Average gunshot victim ER and hospital expenses.
- \$1000: Average CFD ambulance ride, only applicable to 80% of victims, rest self-transport.
- \$800: Homicide-related autopsies.
- Doesn't include hospice care or ongoing rehabilitation.

Cost estimates provided by Chicago killings cost \$2.5 Billion and the bill for treating a gunshot wound: \$21,000 for the first 35 minutes.

# Bottom Line Up Front

- **Guns aren't going away**
- **Gun Violence from Gangs and Lone Gunman/Active Shooter violence is on the rise**
- **On a large scale communities are being held hostage and have no way of saving a life due to lack of knowledge/training**
- **Communities need to feel empowered in order to take their neighborhoods back.**
- **Life saving medical training is a step in the right direction and fills a gap in time that Paramedics can't.**
- **Scene safety is protocol for EMT/Paramedics prior to them assisting victims.**
- **Providing life saving medical training allows the community to stop/slow bleeding. The average person can bleed out in 3-5 mins**
