

TRUTH IS A CALL TO ACTION

Since January 2019, 137 people have been killed in the City of Chicago

August 2018 was a deadly month in Chicago leaving 72 wounded and 13 killed over a three day period

In 2016 764 lives were lost in the City of Chicago due to gun violence.

June 12, 2016 Orlando, Florida at Pulse night club, a lone gunman left 49 dead and 50 wounded

October 1, 2017, a lone gunman open fired on Las Vegas concert goers killing 58 and injuring 546.

February 14, 2018 in Parkland, Florida, a former student fired on students killing 17, and wounding 17 more.

Nationwide there is an increase in Gun and knife violence from active shooter, drug dealers and gangs.

By contributing to SAFE, you can make the difference!

I am Ron Carpenter, President of Support a Future Endeavor (supportafuture.org)

(SAFE), is a Minority Veteran Owned non-profit 501(c)(3) organization that is committed to strengthening communities by building community capacity in three ways:

- We teach communities emergency casualty care that can reduce fatality rates associated with gun violence.
- We provide mentorship in leadership and citizenship to assist teens in reaching peak performance and purpose.
- In partnership with Camp Trident (camptrident.org) we provide opportunities for promising teens to attend a six-day leadership camp designed to instill confidence and accountability in this future generation.

I was born on the South Side of Chicago and experienced first-hand the devastating effects of poverty and how communities having choice like don't do drugs or don't go to jail, but very little hope fail. There is nothing sadder than a broken spirit that believes there is no hope, and they can't rise above the hood. Those of us that have made it, we have a moral obligation to help, because the more we know, the more we owe. We that live in the service of our people have a part to play. So please pick up the SAFE Shield and assist us on this Great Crusade by donating to this worthy cause. Please visit supportafuture.org and make a difference in American children's lives.

Your contribution will allow us to provide free medical training and first aid kits to every person that attends training
